## ANNUAL REPORT <br> 2014-15

## FOURTEEN YEARS OF RESPONSIBLE BANKING

Laxmi Bank was born in 2002 in the southern plains of Nepal, in one of the oldest and most vibrant industrial and commercial cities of the country - Birgunj.

In 2005 we upgraded to a national level Bank and subsequently moved our head office to the country's capital - Kathmandu. Along the way we merged with HISEF Limited, a significant milestone in the country's corporate history as the first ever merger in Nepal.

We are listed in the Nepal Stock Exchange with over 13,000 shareholders, represented by some of the country's most respected business houses, Citizens Investment Trust (a Nepal Government undertaking) and the general public.

At Laxmi Bank we truly believe that the most meaningful contribution we can make to our society is by being good at what we do - Banking.

Embracing 'Responsible Banking' as our corporate responsibility ensures that we firmly remain on track to reach our aspiration of becoming the best managed and most respected financial institution in the country.

Our responsibile banking initiatives include:

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Nepal Accounting Standards. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

## Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Nepal Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion *
